

Mobile Unit Information

WHERE THE MOBILE UNIT WILL GO

Currently, Alpha Women's Resource Center serves clients in Clarke, Washington, Choctaw, and Wilcox Counties. In order to be visible to meet the needs for women in heavily trafficked areas, such as shopping centers and college campuses, the mobile unit can make these areas possible "parking places". The current plan is to have the mobile unit at pre-determined locations every Friday and Saturday, alternating with every Thursday and Saturday. Standard operating hours will be 11:00 am until 6:00 pm.

STAFFING THE MOBILE UNIT

The mobile unit will need to have at least one center employee on board at all times. Ideally, three qualified personnel would work on the mobile: two client advocates and a medical professional, trained on the center's ultrasound equipment.

WE NEED YOUR HELP

The center is actively looking for volunteers who would be willing to work on the mobile unit either as client advocates or as the medical professional. For more information, please contact Teresa Howard, the Center Director and Client Services Coordinator, at 251-246-7750
